

FORT HOOD

RANGE CATALOG

01 January 2003

Summary. This pamphlet provides information and guidance for use of training facilities on Fort Hood.

Suggested Improvements. The proponent of this pamphlet is the Assistant Chief of Staff (ACofS), G3/DPTM Range Control. Users may send suggested improvements on a DA Form 2028 (Recommended Changes to Publications) to Commander, III Corps and Fort Hood, ATTN: AFZF-GTT-RG, Fort Hood, Texas 76544-5000.

OVERVIEW

Purpose

This catalog provides a listing of active training facilities used in support of training activities conducted on Fort Hood.

This catalog assists users in selecting the appropriate facility for a training event. Users may then check with the unit Land and Range Scheduler to determine availability and request the facility.

Appendix A lists training events with ranges designed to support the event.

Appendix B describes Fort Hood live fire ranges.

Appendix C describes Fort Hood non-live fire training facilities.

Fort Hood Regulation 350-40 (Fort Hood Range Control Operating Procedures) governs scheduling, operations and safety of training facilities.

Range Operations maintains a range book which details the facility.

Appendices are:

- A. Event Training.
 - B. Live Fire Ranges.
 - C. Non-Live Fire Training Facilities.
 - D. Indirect Firing Points and Observation Points.
 - E. Range Abbreviations, Names, and Locations.

Appendix B
Live Fire Ranges

General

The tables in this appendix describe live fire ranges at Fort Hood.

Consult Appendix A to determine the range that best supports the scheduled live fire event.

Range books for each range are available at Range Control and will be provided to the OIC when signing for the range.

Any questions or comments about supported ranges are to be referred to the Range Control COR at 287-4136.
